ly and which proved to be a bright and shining twenty-five cent piece.

"There," gasped Teddy, who was out of breath, "girls always have places to put things, save that. A gentleman from Greenville gave it to me for holding his horse."

"What are you going to save it for?" asked Nelly.

"For a Thanksgiving turkey," replied Teddy. "The gentleman whose horse I held said to a friend that he had not met him since last Thanksgiving, and that set me to thinking. Mother couldn't afford to buy a turkey last Thanksgiving, and there is no use talking chicken and Thanksgiving and neither are pumpkin pies. Nothing is Thanksgiving excepting turkey, and I'm going to save my money and buy a 'whopping' big one."

"That's so, it doesn't seem like Thanksgiving without turkey," said Nelly. "Mother gives me a penny and sometimes a nickel for helping her with sewing and I'll put that in, too."

"All right," said Teddy. "we'll be partners."

Teddy was twelve years old and Nelly ten. They lived in a New England village, where the opportunities for a small boy to earn pennies, let alone dimes and nickels, were few; but somehow whenever anyone wanted to send a letter to the postoffice or wanted a parcel carried or a message sent Teddy was around. He kept adding a few dimes, a good many nickels and any number of pennies to his savings. As the pile increased the children counted the money so often that it was a wonder they did not wear it out.

The Monday before Thanksgiving, count it as much as they pleased, Teddy and Nelly had exactly \$2.16. Neither of them knew the price of a big turkey, but they felt sure they had enough to pay for a big turkey and some other things, too.

Tuesday their mother said that Thanksgiving without a turkey was not Thanksgiving, and that the next day she would go and purchase a small

THE MAN WAS AN OLD BACHELOR

Nelly replied that it was because they were going to have turkey for Thanksgiving.

There was a man at the edge of the village who raised the finest turkeys in the State. It was even said that "once upon a time" one of his turkeys had been selected for the President's dinner at the White House.

The turkey man was an old bachelor and awfully crabbed; but the children didn't care for that; they were going to get the best turkey money could buy. He was very busy shipping turkeys when Teddy and Nelly arrived, but he

took time to inquire what they wanted. Teddy said they wanted to know the price of his biggest turkey.

The turkey man smiled grimly and said: "Teddy, my big turkeys cost money, and your mother don't want to buy one."

"It's not for mother," Teddy answered. "It's for Nelly and me. Mother couldn't afford to buy a turkey last Thanksgiving, so Nelly and I have been saving our money to buy one and we want a big one."

The turkey man looked interested and asked: "About how long have you been saving your money?"

"Since July," answered Teddy.

The turkey man looked serious and said: "That's a long time. Now, about how much have you saved?"

"Two dollars and sixteen cents," answered Teddy proudly.

"Hum! Hum!" said the turkey man. "I can't sell you my largest turkey because it is promised to Judge Joy, but I'll sell you the next largest one for a dollar. Come and look at it."

He led the way to where there were any number of turkeys hanging up, and taking an enormous one from a hook, said to Teddy: "Heft it."

The turkey man said he was going to drive by their house at 5 o'clock, and that he would deliver the turkey. Teddy wanted to carry the turkey himself, but after admiring it from every side and feeling its weight again, concluded it was too big a job.

Just then a loud knocking sounded at the door, and when Teddy opened it,

the turkey man was there, and he said: "Here, Teddy, is your turkey, all paid for in good money."

When Teddy's mother saw the enormous size of the turkey she said: "It is impossible. Teddy could never have paid the price of that turkey."

"Don't bother about the price, ma'am," the turkey man said. "I sold Teddy that turkey at cost, and there is nothing in the law, ma'am, against selling things at cost."

Teddy's mother looked perplexed, and then she smiled and said: "You have no women folks at your house, and if

you will come over and eat Thanksgiving dinner with us I am sure, if you can be persuaded to carve, the turkey will taste much better."

"An invitation given so polite, I can't refuse," replied the turkey man.

The turkey man was not crabbed at all. He was the jolliest among a jolly crowd, and told more funny stories than any of them. After they had done more than justice to the turkey and the pies and cakes, and while they were cracking nuts, the turkey man said: "This has been a prosperous year for me, but I am more thankful for being in the midst of the happy faces which surround me now than I am for anything else."

Each one around the table, excepting Teddy, mentioned something they were thankful for, and Teddy's mother said she was thankful for having two such children.

"Now, Teddy," said the turkey man, "every one has told what they are thankful for excepting you. What are you thankful for?"

DON'T BOTHER ABOUT THE PRICE.

Take one pound of lady-fingers (this has a cannibalistic sound); split them lengthwise and spread them with currant jelly before replacing the divided halves. Of these jellied cakes build a log cabin, leaving a hollow square in the center. When you have used up all your lady-fingers cover the structure, interior and all, with a rich custard, and place on top a meringue made of the beaten whites of the eggs whose yolks were used in the custard, stiffened with a little fine white sugar.

Thanksgiving Day sometimes brings the first light fall of winter's snow. The meringue top of our wigwam may be supposed to represent new fallen snow on a rural American landscape.

"Thanksgiving Wigwam."

The Puritan and Pilgrim settlers who inaugurated celebration of Thanksgiving Day feared and hated the red Indian, but they did not disdain to copy one of his institutions—in short, the native American wigwam. We are told many tales of the architecture of the "Long House," and see examples of tepees and other Indian huts in their reservations. We do not know what tribe furnished the pattern for "Wigwams."

Made His Heels Save His Head.

"But where is that beautiful tail you had the day before Thanksgiving?"

"The farmer said, 'Heads I win, tails you lose.' Well, I lost my tail, but he didn't win my head."

His Fate.

There was excitement in the hen-house. The turkey on the top roost gobbled himself hoarse with frost, and every other hen in the establishment cackled like a punctured tire.

"Young Fatten Fluffy was monkeying around in the yard," exclaimed the messenger who had just arrived, "and met the boss with a hatchet."

"And how did he behave himself?" asked the hurried chorus.

"Oh," said the messenger, "he lost his head completely."—Judge.

Thanksgiving Dinner.

When autumn winds again blow keen, And frost is biting in the air, Then eager appetites, I ween, Turn to Thanksgiving fare.

The toothsome viands, as of yore, Spread out before us piping hot, Our hearts make fresh and young once more— Alas! Our stomachs, not.

And so the meal we eat with zest, Nor seek of indigestion's pranks— The sorry way will have its jest, And shrivel up our thanks.

—Wood Levette Wilson, in Puck.

Strong on Geography.

NO PANAMA FIGHT

Reported Army Marching Found to Be a Fake

ONLY FEW TRAMPS TURNED BACK

The Isthmus Will Never Again Be the Seat of Warfare While Under Our Protectorate.

Washington, Special.—The State Department has no knowledge of the marching of an army from Colombia upon the Isthmus and the officials state that if any such movement were in progress, would certainly be informed by its agents in the South, the cables being still open. These officials scout the idea that any such march is in progress, as the President of Colombia is reported to have described to the President of Ecuador. It is assumed here that the "army" said to be marching on Panama was nothing more than the few men, perhaps 500 all told, who were about to embark at Buena Ventura, a few days ago, when they were turned back from the Isthmus by notice of the determination of the United States naval commanders to allow no landings in that quarter. These troops cannot reach the Isthmus by water and the officials here are positive that they cannot do so by land, on account of the nature of the intervening country.

But there are more than physical obstacles in the way of the approach of an army upon Panama. The officials do not care to express publicly their plans, but enough has been learned from the instructions given to our naval commanders to make it evident that never again will the Isthmus become the seat of warfare, so long as the United States government can prevent it. The difference between the present situation on the Isthmus and that which existed last year when Commander McLean prevented armed troops from crossing the Isthmus by rail is just this: The authorities have now determined to extend the lines of protection to the railroad. They will not allow hostile forces, no matter whether they are Colombian or Panamanian troops, to come into collision anywhere near the railroad and to prevent such collisions it will be necessary to extend the neutral zone clear to the north and south boundaries of the Republic of Panama. Officials here will not make such a statement publicly, they simply say: "Wait till the emergency arises." But it is known that such were the plans of the naval commanders and as there is no indication of a change in these plans, not the slightest apprehension is felt here of the encroachment of any Colombian army upon Panama.

Mr. Guderger Returns.

Panama, by Cable.—United States Consul General Guderger arrived here Sunday evening and was met at the railway station by a great number of persons, including the members of the provisional government, army officers and other persons. General Abadía was also among those present. As Consul General Guderger returned from the train a military band played "The Star Spangled Banner." Mr. Guderger was welcomed by a committee composed of representatives of the junta, and by Senator Brid, representing the municipality of Panama. Senator Arias delivered a speech in which he expressed the gratitude of the Republic of Panama for the recognition accorded it by President Roosevelt and also the pleasure of the people of Panama at Mr. Guderger's return. Consul General Guderger returned thanks for his reception and said that he and Rear Admiral Walker would call upon the members of the junta officially soon. The United States cruiser Boston has returned from her cruise to the south, with no without incident.

Beaver's Property.

New York, Special.—Notice of the conveyance by George W. Beavers, the former superintendent of the department of salaries and allowances of the Postoffice Department, who is under indictment for connection with frauds in the Department, of his property to his wife, was made known last week. The property conveyed lies in the section of Brooklyn known as Borough Park and consists of 15 lots. The transfer was made for a nominal consideration and the papers were recorded in the office of the register of King's county.

Proposition Rejected.

Louisville, Col., Special.—The official count of the votes cast by the miners of the northern coal district, Saturday night, reverses the decision and defeats the proposition for a settlement of the strike. The sub-district board today announced that the proposition was defeated and there would be no work tomorrow, but refused to make public the vote. It has leaked out that there was a majority of six votes in favor of rejecting the proposition.

Dispersed Anarchists.

Barcelona, By Cable.—The police Sunday dispersed a meeting of anarchists which had been arranged to celebrate the anniversary of the execution of the Chicago, in 1886. The action of the authorities was taken because violent speeches were made at the meeting advocating an active propaganda of anarchistic doctrine.

THE DOINGS OF CONGRESS

What the National Lawmakers Have Been Doing.

Representative Dick, of Ohio introduced a suffrage resolution which, after reciting the law regarding suffrage, says:

"Whereas, It is a matter of common information and belief that the right of some male citizens being 21 years of age, to vote at elections named in said amendment to the constitution named aforesaid, except for participation in the rebellion or other crime, is denied and abridged in certain States, therefore,

"Resolved, That the matter be referred to the committee on election of the President, Vice President and Representatives in Congress, whose duty it shall be and who shall have full and ample power to investigate and inquire into the validity of the election laws of the several States and the manner of their enforcement, and whether the right to vote at any election for the choice of electors for President and Vice President of the United States, Representatives in Congress or the members of the Legislature of any State, is denied to the male inhabitants of any States, being 21 years of age, and a citizen of the United States except for participation in the rebellion or other crime."

After Reed Smoot.

Immediately upon assembling Thursday the Senate at once plunged into a discussion of the question of the eligibility of Reed Smoot, of Utah, to a seat in the Senate. Mr. Dubois, of Idaho, took issue with Mr. Hoar's remarks.

"I contend that these various organizations of Christian men and women," he said, "have a right to petition the Senate, and it is their duty to do so. Of course, we all appreciate that this is a judicial question, which must be determined by the facts, but it is not an idle question, and it is properly before the Senate. It is the same question that was involved in the case of the polygamist Roberts, for whose unseating by the House of Representatives many petitions were filed."

"If the allegations now on file with the committee on privileges and elections can be proven, I do not believe there is a Senator here who would vote to have Mr. Smoot continue in his seat, but if they are not proven, I think we would all unite in asking him to remain."

But Little Opposition.

Washington, Special.—Speaker Cannon was assured by one of the most prominent leaders of the opposition to Cuban reciprocity in the last Congress that there would be little or no opposition among Republicans to the bill carrying into effect the Cuban reciprocity treaty. He told the speaker that the attempt to form an opposition had failed and that the Republicans would not join the Democrats in voting the Morris differential amendment on the bill. The Speaker was assured that the sentiment among Republicans was to stand by the Speaker; that it would be impolitic to have a division of the party at the beginning of the session.

The House committee on ways and means Friday authorized a favorable report on the bill making effective the Cuban reciprocity treaty, by a vote of 14 to 2. Mr. Metcalf, Republican, was present, but did not vote, and Messrs. Robertson, Democrat, of Louisiana, and Cooper, Democrat, of Texas, voted against the bill.

New Minister Received.

Washington, Special.—President Roosevelt Friday formally received Mr. Philippe Bunau-Varilla, the duly accredited envoy extraordinary of Panama to the United States. The reception of the minister marked the birth of the new Republic of Panama into the family of nations and paves the way for negotiations between the United States and the infant republic precisely as they may be conducted between any two sovereign nations.

HORRORS OF THE SEA

Coastwise Vessel Sent to the Bottom By Large Steamer.

Washington, Special.—The sloop Cassie, from Alberts Bay, Hyde county, bound to this city, with 785 pounds of fish, consigned to E. B. Moore and C. S. Sterling, when off Indian Island, Friday night, was run down by the Old Dominion steamer, Albemarle. The sloop was cut completely in twain. Captain T. W. Midyette, in charge of the Cassie, was drowned. T. B. Silverstone, the mate, and Peleg Warner, a passenger, were saved. The Cassie, according to statements from those on the Albemarle, had no light exhibited, hence she was not seen by the pilot on the steamer until too late. Captain Midyette was at the wheel of the Cassie and in attempting to cross the bow of the Albemarle missed his calculations.

The Cassie was a sloop about 25 feet long, 14 feet beam, and was owned by Tobe Silverstone, of Hyde county. She was engaged running fish to this market. Mr. Warner, the passenger on the Cassie, gave the following account of the accident:

"We were on our way to Washington with fish from Alberts Bay, consigned to Moore & Sterling. When about off Indian Island, and coming straight up the river, a light was seen. (We had no lights on the sloop.) I remarked to Captain Midyette that he had better have his boat luffed and go to starboard; that he could not go to port without getting run down. The captain replied: 'Yes I can. I am going to cross her bow, damned if I ain't.' I told him he could not succeed. He said: 'Yes I can, or I'll go to hell trying.'"

"We could see the white and green light on the steamer; saw the green light three-quarters of a mile away and the white light about one mile and a half away. After this conversation with the captain I went down in the cabin to sleep. This was about 7 o'clock, I should judge. The captain was at the wheel at the time. The next thing I knew I heard an awful crash. I rushed on deck and to my horror saw the Cassie sinking rapidly. The Albemarle had struck our boat about amidships. The mate of the Cassie, Silverstone, who was near the bow, rushed toward the Albemarle and grabbed her hull. I jumped overboard and swam for the bow of the steamer and when near her was thrown a line from Albemarle and saved. As I rushed from the cabin I saw Captain Midyette running toward the door of the cabin. This was the last seen of him. The Albemarle lay by the sloop for over an hour endeavoring to find Captain Midyette. After we were taken on the steamer everything possible was done for us by her commander, Captain Phelps, and his crew. It was very dark and we had no light exhibited. All those on board the sloop lost everything. The Cassie is a complete wreck. Only her mast can now be seen. An effort will be made today to secure the body of Captain Midyette. He was only 16 years old and unmarried."

Costly Residence Burned.

Southern Pines, Special.—A serious loss comes to the Rev. Dr. Monte in the burning of his residence, three miles east of town; Sunday morning. Dr. Monte had just had his breakfast, and was attending to the planting of shrubbery in the yards, when his wife discovered that a portion of the inside of the dwelling nearest the kitchen was in a blaze. The house and contents, including every piece of furniture, clothing, bric-a-brac, etc., as well as one of the most complete libraries in Moore county went up in smoke; also his poultry house, brooders, windmill and tank, and all out-houses, except the horse-stable. Dr. Monte has spent large sums of money on the place and had an ideal home, the value, all told, in its destruction amounting to \$5,000 or \$6,000, with an insurance of about \$1,600.

Compromise Reached.

Greensboro, Special.—A temporary agreement was reached between the Southern Railway and the Greensboro Ice and Coal Company, in the case now pending before the corporation commission. The agreement reached relieves the situation temporarily, and both parties appeared satisfied with the course the case has taken. The agreement does not affect the legal status of the case in any respect. The questions involved in the above-named case have never been settled in North Carolina, and the railroad company will no doubt carry the matter into the courts for a proper construction of the law.

Fall River Wage Troubles.

Fall River, Special.—The request of the Textile Council for a conference with the cotton mill manufacturers regarding the announced plan of the manufacturers to return on November 23 to the wage schedule in existence prior to March 17, 1902, has been referred to the executive committee of delegates to the council still hope, however, for a favorable answer from the Manufacturers' Association. The committee before Wednesday evening, at which time the various unions will meet to discuss the situation.

Heavy Fighting Reported.

San Domingo, By Cable.—There was heavy fighting here Sunday morning. The forts around the city were engaged with the insurgents and there was considerable cannonading on both sides. The town was not damaged and the situation is unchanged. The United States Cruiser Baltimore arrived here Sunday. Business is at a standstill.

"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."
GOVERNOR AYCOCK STATED IN

THE INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION BULK "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED AHEAD AT NOON DAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITTED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE?

When the farmer carries his cotton to the market and receives eleven cents for it he feels happy until he gets back home and realizes how much of that money he will have to pay for State taxes for the support of "Democratic Good Government" and then he gets blue. The way to wear a smiling countenance all the time is to vote this crowd out and put a set of men in office that will be less expensive. Then you can spend your extra money for the support and comfort of your family.

The Democratic machine in this State has increased the assessed valuation of real and personal property in this State about \$65,000,000. Your property is not worth any more this year than it was last, but the taxpayers of the State must pay at least \$125,000 more taxes this year than they did last year. Tax-payers, are you going to submit to this? There is a remedy—vote the present crowd out of office at the next election.

The esteemed Charleston News and Courier has begun to ask itself why it is that out of the 1,000,000 immigrants who arrived in this country during the past year, not one settled in South Carolina. If the old Palmetto State wants immigration, it should take in that Jim Tillman sign.—Jacksonville Times Union.

And North Carolina should take in that Democratic Red Shirt sign.

And now the news comes from Buncombe county that the jail in that county is not of sufficient size to accommodate the prisoners.

Judge Jones said that when he held court in Asheville before there were seventy-five confined in jail and that he knew the jail was not in a proper sanitary condition. For all this increase in crime and filth we give the Democratic party all the credit that is due them.

In the case of the "gold brick" men before the Supreme Court this week, one of the attorneys for the prisoners was told that he ought to be satisfied, as one of his clients had been pardoned by the Governor, "The trouble is he pardoned the guilty one," was the attorneys reply. And this story has a sequel.

Why do the Democratic newspapers of the State hold Trinity College responsible for Prof. Bassett's article? During campaigns they yell themselves black in the face for education and now they are trying to break down the Methodist College in North Carolina. It shows hypocrisy and narrow-mindedness.

Dem. and altocratic machine tolerates free speech in North Carolina—providing it is in favor of the party.

"The sound of the pistol is more frequent than the song of the mocking bird." Within the past few days two men in Jones county have been sentenced to be hanged for murder, and Jones county is under Democratic "good government" too.

The Populists have declared their independence of the Democratic party. For which relief, much thanks.—Charlotte News.

And we dare say the Populists are thankful also—what if they had to stand for the Democratic "mismanagement" in North Carolina!—Union Republican.

The disgrace would be more than we could bear.

The News and Observer quotes from the Chatham Observer a mean little slur upon a certain fusionist. Will the News and Observer please inform us where the "Chatham Observer" is published, and who might be called the editor? We must say we have never heard of this paper before.

"The Democrats always prefer to make their campaign upon their promises rather than their performances."—Union Republican.

They know if they were to make their campaign upon their performances that the bridge would not carry them over.

The Democrats haven't rewarded Locke Craig yet for trying to impeach the fusion judges. He was slated for the United States Senate, but he dropped his slate and broke it when he met Senator Fritchard in joint debate. He now has nothing on which he can make his mark.

The following from the Graham Tribune is worth the consideration of every tax-payer of the State: "Bear in mind that the Democratic administration in this State spent \$21,514.86 more in one year than the fusionists. How do you like it?"

The News and Observer has been abusing the city government of Raleigh because he has been unable to control the board of aldermen. You must bow down before Joey or you will certainly get "cussed."

The Wilmington Messenger suggests that if the courts in this State can't convict a man of murder, why not sue the defendant for damages, as they do the railroad when they kill a man even accidentally.

Cotton sold in several places in the State Monday for 11-16c, and the price has been gradually declining since. But if we are any judge of the cotton market the price will soon be up again.

No prisoner has escaped from the penitentiary either by pardon or otherwise within the past week—or at least there has been no public statement to that effect.

How are the Democrats going to ex- these high taxes and a bankrupt treasury?

Mr. Cleveland is on a duck hunt near Norfolk. He will soon be on "a wild goose chase" if he tries it for the presidency.

If you don't want your taxes increased, you had better not vote the Democratic ticket.

PRESIDENT AND CASHIER DEAD

One was Accidentally Killed, the Other Committed Suicide.

Charleston S. C., Nov. 16—Colonel E. Miller Boykin, United States Marshal for this State, under Cleveland, and a banker of Camden, killed himself accidentally today. After reaching home he picked up his gun, which had a complicated reversible action and went out to shoot a hawk. He was discovered an hour afterwards lying dead, while his gun was found leaning on the opposite side of the fence. The supposition is that as he started to climb the fence he set the gun over the fence at the same time making a motion to get over himself, when the gun was discharged. The coroners jury gave a verdict to this effect. Colonel Boykin was president of the DeKaleb Cotton-mill, of the Farmers and Merchants Bank, and other large corporations. He was delegate to the National

Democratic Convention which nominated Cleveland in 1884.

Charleston, S. C., Nov. 16—The suicide of E. Z. Zemp, cashier of the Farmers and Merchants Bank, of Camden, S. C., shocked the people of the town tonight, a few hours after the accidental destruction of Colonel E. Miller Boykin, President of the bank.

Shortly after receiving the news of the death of Colonel Boykin, Mr. Zemp left home ostensibly to go over to Mr. Boykin's nearby, but instead went to his barn and committed suicide, shooting himself with a pistol through the mouth.

A Government for the Rich Man.

The Asheville Citizen calls attention to the inconsistency of a judge in this State in sentencing a negro, who stole 25 cents, to one year in prison, while a prominent business man who stole \$1,200 was given only three years. We suppose the negro was punished for stealing off such a small scale. In all probability the business man will be pardoned in a few months, while the negro will serve out his term.—Ex.

The Populists will start a daily paper in Kansas in the near future.

Both are indicted.

Asheville, N. C., Nov. 16—Daniel C. Champlain, former Mayor of Baltimore and cashier of the Baltimore estate, and George R. Tennent, heretofore a time-keeper on the estate, were today indicted by the grand jury of the Superior Court for the embezzlement of funds from George K. Vanderbilt. Both men have left the State and their whereabouts are unknown.

ATTEMPT TO LYNCH.

The Mob Demanded Keys of Sheriff Thompson

Durham, N. C., Nov. 16—An attempt was made at Roxboro last evening to lynch Adam Hunt, the negro who killed the young man Wilkins a few days ago. Mr. L. J. Winstead, a young man who lives at Winstead, but had been to Roxboro on a visit, said that soon after midnight a party of some fifty men went to the home of Sheriff Thompson and demanded the keys to the jail. He had previously let one of his deputies have the keys and he was finally able to convince the crowd that he did not have any access to the jail.

Cost of Election in New York City.

We see it stated that the election in New York this week will cost that city not less than \$600,000. Inspectors of election will receive \$265,000 of the above amount, it is said.—Union Republican.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though 'they had heart trouble, because the heart is over-working in pumping thick, kidney poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Honor of Swamp-Root, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

You Can Be Cured.

No. 11 Cedar Terrace, Hot Springs, Ark., April 25, 1904.

When I was first married I found that my strength and health were gradually diminishing. I became nervous and irritable, and was in bed a week and sometimes ten days every month, and had intense bearing down pains. My husband had the best physician for me and I used his medicine for nearly four months, but I gradually grew worse, had less strength, and finally, I was unable to leave my bed at all.

A friend who was calling on me brought me a bottle of Wine of Cardui and was so kind to let me know that I told her that I would take it to please her. I was surprised and pleased before I had used the bottle I really felt better, so I kept on using it. Eight bottles brought back my lost health and strength, and I have not had a sick day in six months.

WINE OF CARDUI

Mrs. Finnegan had little hope of relief because she knew that every time she had those spells of menstrual suffering with attendant bearing down pains she was weaker. And every month the pain was growing more severe.

But Mrs. Finnegan was cured by Wine of Cardui. She is now so well that there are few women who would not be glad to have the health she has. And any woman who has those dreaded bearing down pains can have the same relief.

You can be free from menstrual irregularities if you take this pure vegetable wine. Why don't you try it when you see what it has done for others? Secure a bottle of Wine of Cardui today.

Your druggist has \$1.00 bottles.

Real Estate Agency of Milikan, Walker & Bain

It is an admitted fact that Greenboro is rapidly forgetting to the front and in a very short time will be the leading city of North Carolina. Her Railroad facilities are surpassed in the State, and there is a constant influx of capital employed in the various kinds of manufacturing, which is constantly increasing the population of the City, and at the same time real estate has been created, and the property is constantly changing hands, but considering the marvelous growth of the City, the price has kept on a reasonable basis. Persons desiring to invest here can make no mistake, provided proper care is taken in location and price of property. We make it our business to keep a vigilant watch over the interest of our customers, and are in a position to save you money. We keep posted on value in city and nearby farming property, and can aid you in investing your capital where it will bring you quick and satisfactory returns. Correspondence solicited.

When you are in the City we extend to you a cordial invitation to visit our office.

REVOLUTIONISTS WANT RECOGNITION.

The State Department intimates That They Will Have to Prove Their Case.

Washington, Nov. 17.—The revolutionists of San Domingo today applied to the State Department for recognition by the United States. The application was presented to the department by J. M. Giordan, who represented himself as provisional agent of the revolutionary government, meaning by that the government of which General Jimenez is the acting head and directing force.

The State Department has declined the recognition at this time, but the decline does not reflect an adverse view toward the insurrection. The decision was conveyed to Mr. Giordan with the explanation that it had been the unbroken policy of the State Department to recognize only de facto governments, and if Minister Powell who is on the spot, finds that the revolutionists have actually established a capital and opened ports and is able to protect life and property he will recognize it. So it is expected that the next application of the insurgents will be directed to the United States minister at San Domingo.

SHELLING THE CITY.

The Revolutionists Fire on the Clyde Line Steamer New York.

San Domingo, Nov. 16.—The political situation here is serious. The insurgents are bombarding the city. General Wenceslao Figaro and Juan Francisco Sanchez are refugees in the foreign legations.

The city is completely infested by 4,000 men under Pichardo and four other generals.

A general attack is expected within the next few days. General Wally Gil refuses to capitulate, and it is believed that the fighting will be severe.

The situation is desperate and fighting in the streets is likely to occur at any moment.

The United States cruiser Baltimore has been compelled to leave to re-join United States Minister Powell is endeavoring to protect American interests with the limited means at his disposal.

A German naval vessel is ready to land troops at a moment's notice.

The insurgents endeavored to have Minister Powell recognize them, but the minister refused to do so.

The revolutionists fired on the Clyde Line steamer New York as she was entering the port of Samana. The vessel was uninjured.

The Dominican government has appointed Minister of Foreign Relations Galvan and Judge George Gray, of Delaware, as commissioners to arbitrate the Santo Domingo improvement matter, as the result of Minister Powell's efforts to compel the carrying out of the terms of the protocol. Commissioner Galvan will leave for the United States tomorrow. It is possible that the insurgents may endeavor to capture him.

COLOMBIA BEGS PANAMA TO COME BACK

The New Republic Turns a Deaf Ear to All Offers Made Her.

Colon, Nov. 17.—The Panamanian Commission, composed of Senors Arias, Morales and Arosemena, which left Panama yesterday to meet the peace commission from the Department of Bolivar, boarded the Mayflower today and held a short conference with the Colombians, who only represent the Department of Bolivar and the Governor of that department and who have no credentials from Bogota. The Colombians asked the Panamanians if they would return to the Republic of Colombia, assuring them concessions and considerations on the passage of a canal treaty. The Panamanians replied that they would not return to the Republic of Colombia, and declared the assurances came too late, as Panama's position was so advantageous and strong that they could not see any reason for changing.

CUBAN BILL BEFORE THE HOUSE.

It Will Hold the Floor Until Thursday, When a Vote Will Be Taken.

Washington, D. C., Nov. 16.—The House of Representatives began the consideration of the Cuban reciprocity bill today. Mr. Dalzell (Rep., Pa.), reported a resolution providing that the bill reported from the ways and means committee should be considered to the exclusion of all other business until 4 o'clock Thursday when a vote will be taken without intervening motion.

PANAMA CANAL TREATY SIGNED.

Terms Are More Favorable to the United States Than the Treaty With Colombia—Same Cash Consideration

Washington, Nov. 18.—A treaty providing for the construction and control by the United States of a ship canal across the Isthmus of Panama was signed this evening by Secretary of State Hay for the United States and Mr. Bana Varilla, minister of the republic of Panama, for his government.

A Mammoth Holiday Issue.

The December Delineator (Christmas number) represents the high-water mark of beauty and utility, and possibly of circulation also, in a woman's magazine, having a first edition of more than a million copies. It contains 240 pages. To produce this mammoth edition 728 tons of paper and 49 presses working 25 days were required. In addition to exquisite color work, clever fiction and strikingly illustrated articles, the number includes a display of charming winter fashions covering forty-two pages, letters from the foreign fashion centers and illustrated articles on the fashionable fabrics and trimmings, millinery, etc. There are many beautiful art features among them four pages in color representing Babyhood, Childhood, Girlhood and Motherhood—the work of Bernard J. Rosenmeyer. For the children there are entertaining games and stories, and for the housewife many practical suggestions in cookery and other departments of the home, for the Christmas season.

A Narrow Escape From Death

Mr. Rufus Horton, his son, and three grandchildren who live in the House Creek township, Wake County, narrowly escaped death by fire Sunday night. They were awakened by the falling of burning timbers above them. They hastened out of the burning house and saved only a few garments and their leather beds. It is supposed the house caught from fire in the kitchen.

Murdered at Prayer Meeting in Kentucky.

Alpina, Ky., Nov. 17.—At prayer meeting last night James Shelton, aged twenty-two, and Dennis Hayes, aged twenty-six, engaged in an altercation, when Hayes drew a knife and stabbed Shelton in the right breast. Shelton died in fifteen minutes. Shelton begged Hayes not to kill him, as he had nothing against him. Hayes is a cripple.

Representatives of Carolina and Virginia Form an Association.

Danville, Va., Nov. 17.—Three hundred tobacco growers, representing 11 counties in Virginia and North Carolina, met here today and formed what will be known as the Tobacco Growers' Association of Virginia and North Carolina.

S. C. Adams, of Charlotte county, Va., was made president; W. T. Bryant, North Carolina, secretary. Played William Tell.

Frankfort, Ky., Nov. 17.—William Ingraham, an eleven-year-old colored boy, shot to death Mary Childers, a five-year-old colored child, in Floyd county, playing "William Tell." He offered the child five cents if she would let him shoot an apple from her head. She consented and he fired away with a double-barreled gun and slew off the child's head.

Mother

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nerve Cured Them Both.

Dr. Miles' Nerve is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure. I feel it my duty to let you know that your mother and daughter have been cured of their LaGrippe. Our family doctor said the reason we were not cured was because we took too much medicine. We had already used Dr. Miles' Nerve and found it a good remedy for myself. I commenced using it on my child. I gave her in all ten days of LaGrippe and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nerve cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas.—Mrs. HANNAH BARKETT, Springdale, Ark.
